The EDS Curriculum is based on strong academic rigor, collaborative learning, adult planning, and flexibility. This worksheet should demonstrate these pedagogical values across the appropriate degree program curriculum.

The MDiv. Degree requires satisfactory completion of 24 minimum primary courses (not counting Field Education Practicum and Units, nor conferences/cohorts) and 78 minimum number of credits.

1. List primary courses used to fulfill special (5 courses) and general competency (2-4 courses, see below) in each theological field and canonical area.
2. List secondary courses from other fields of study. Courses with double area designations may be listed in either area. **When choosing to list a course in both, please put the course ID in brackets for the secondary listing.** E.g., CH [L] 2320 Book of Common Prayer.
3. Fill in the session and year during which you have taken, or plan on taking each course (e.g., Fall 2015). Fill in the number of credits for each course.
4. Under the "Course Type" column, fill in the following letters appropriate for each course:
 - G, if the course fulfills the Global Awareness and Engagement requirement
 - T, if the course is a transfer course approved by the Degrees Committee
 - When appropriate, separate each letter with commas (e.g., G, T)
5. Mark each course that you have completed by checking the box in the last column.
